**IN FIVE MINUTES
NO SICK STOMACH,
INDIGESTION, GAS**

"Pape's, Diapepsin" is the
quickest and surest
stomach relief.

You don't know what upset your stomach—which portion of the food did the damage—do you? Well don't bother. If your stomach is in a revolt; if sick, gassy and upset, and what you just ate has fermented and turned sour; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin to neutralize acidity and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have dyspepsia. A little Diapepsin occasionally keeps the stomach sweetened, and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless antacid is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it stops food souring and sets things straight, so gently and easily that it is really astonishing. Your stomach will digest your meals if you keep acids neutralized.—Advertisement.

**SPEEDERS FINED \$10;
\$100 THE NEXT TIME**

**WARNED TO BEWARE SECOND
VIOLATION OF LAW.**

THREE CASES CONTINUED

Speeders who violate the laws by making race tracks out of the city streets took another lesson Monday from Judge Walter Pritchard in the city court. Seven of them were fined \$10 and costs, and were warned that if they appeared in the court again charged with the same offense the price of liberty would be \$100 and costs. The seven were: C. Strohn, 2330 Ashland avenue, arrested by patrolman Walker, for running twenty-nine miles an hour in Delaware street; Marvin Linn, 608 North Delaware street, also arrested by Walker, for making twenty-nine miles an hour in East Washington street; G. M. Lewis, 140 South Spencer avenue, arrested by officer Pressley, for doing thirty-one miles an hour in Brookville avenue; H. C. Schetmeyer, 414 West Washington street, arrested by Pressley, for cutting it at the rate of thirty miles an hour in East Washington street; William Samuel, 430 North Meridian street, arrested by Pressley, for cutting it at the rate of thirty miles an hour in East Washington street; Charles Weisenberg, 1106 West Twenty-eighth street, arrested by Pressley, for "beating it" at thirty-five miles an hour in West Thirtieth street; Jules Selig, 387 North Pennsylvania street, arrested by Pressley, because he made thirty-two miles an hour in North Delaware street.

Three cases were continued at the request of the defendants, and one man failed to appear for trial. The police started a search for him, with the intention of hauling him to the police station in the patrol wagon.

New Spring Millinery Masterpieces

You'll revel in their beauty—and wonder how it is possible for any human hand to fashion such wonderful creations out of a bit of straw, ribbon, flowers, feathers or the like—

Take the one in the sketch, for instance—its designer chose pale blue Japanese braid for the upper brim—but the upturned brim reveals a facing of beige velvet. Can you imagine the artistic effect it produces? The feather one sees circling about is a pheasant.

And the others possess just as noteworthy features. You'll really enjoy seeing them.

A March Sale of LINENS

Of as Much Importance to Housewives as Our Famous
Thanksgiving Linen Sale

—in fact, there are reasons for it being even more important—at least to women who think and plan for the future—and KNOW the value of saving a dollar in these war times!

LINENS—PURE LINENS—are scarce! And if present conditions don't change there will soon come a time when such things as pure linens can not be had at any price—

For instance, to cite an example that will confirm the above statement—flax is essential to the making

of aeroplanes—so about two months ago, on the 8th of January, to be exact, the British government prohibited and restricted the use of flax for any other purpose but making aeroplanes for the allies.

So you can readily see why such a state of affairs will eventually put linen prices 'way above the normal, and in time do away with pure linens for table use entirely. That's why this March sale is of such great importance and well worth taking advantage of.
